## INDEPENDENT AUDITOR'S REPORT

**Members of the Board of Trustees  
Sonoma County Junior College District  
Santa Rosa, California**

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the Measure A Bond Fund (the Bond Fund) of the Sonoma County Junior College District (the District) as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Bond Fund's basic financial statements, as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Bond Fund of the District, as of June 30, 2014, and the changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

***Emphasis of Matter***

As discussed in Note 1, the financial statements present only the Measure A Bond Fund and do not purport to, and do not, present fairly the financial position of the District as of June 30, 2014, and the changes in its financial position, or its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

***Other Matters***

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated November 4, 2014, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

# SONOMA COUNTY JUNIOR COLLEGE DISTRICT MEASURE A BOND FUND

## MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2014

---

Our discussion and analysis of the Sonoma County Junior College District Measure A Bond Fund audit report provides an overview of the financial activities related to the Bond Funds for the fiscal year ended June 30, 2014.

### **Financial Highlights**

On March 5, 2002, \$251,700,000 in general obligation bonds were authorized by voters' approval of Measure A. A Citizens Bond Oversight Committee (the Committee) was appointed on June 11, 2002, to comply with the California Constitution and the Education Code. The purpose of the Committee is to inform the public regarding the appropriate use of the Bond proceeds. The first series of Bonds in the amount of \$60,000,000 was issued on February 1, 2003. Series A was refunded on September 29, 2005, resulting in an additional \$36,526,697 and defeased the debt from the original Series A. The second series of Bonds in the amount of \$105,000,000 was issued on September 29, 2005. The third series of Bonds in the amount of \$69,710,000 was issued on September 17, 2007. The fourth and final series (D) of Bonds in the amount of \$16,990,000 was issued on April 2, 2008. In May 2013, the District took advantage of lowered interest rates, and issued \$133.2 million in General Obligation Refunding Bonds to partially defease Series B and Series C, resulting in a lower property tax assessment, and saving local taxpayers an estimated \$18,000,000. The total proceeds from each bond series less the bond issuance costs are to be used to finance the construction, acquisition, furnishing, and equipping of District facilities and technology needs. Further information regarding the interest rates and payment schedules of the bond issuances can be found in the notes to the financial statements.

### **Balance Sheet**

The Balance Sheet reflects the assets, deferred outflows of resources, and liabilities of the fund. Assets primarily consist of amounts expended to date for projects, net of depreciation, and funds available for future projects or debt service. Liabilities consist primarily of outstanding debt, related interest payable and amounts payable to vendors. Net position is, by definition, the difference between assets and liabilities.

Current assets at June 30, 2014 consist of:

- Restricted current cash and cash equivalents includes cash held at county treasury and includes the current amount due for principle and interest payments and totals \$7.0 million.
- Accounts receivable includes amounts due to the Bond Funds for a cancelled vendor warrant (\$126 thousand).

Non-current assets are:

- Restricted cash and cash equivalents consists of tax revenues collected by the county for payment of principal and interest in future years (\$19.8 million).
- Restricted investments are funds from the General Obligation Bond, Series D issue that are invested with Bond Logistix.
- Capital assets are reported at historical cost of land, buildings, and equipment less accumulated depreciation, where applicable. Additionally, interest incurred during the construction phase of capital assets is included as part of the capitalized value of the assets constructed. The footnotes to the financial statements contain detailed information for capital assets.

# SONOMA COUNTY JUNIOR COLLEGE DISTRICT MEASURE A BOND FUND

## MANAGEMENT'S DISCUSSION AND ANALYSIS JUNE 30, 2014

---

Current liabilities consist of:

- ☐ Accounts payable consists primarily of amounts due to vendors (\$115 thousand). Accounts payable increased by \$21 thousand over prior year, mostly due to the timing of payments to vendors.
- ☐ Current liabilities relating to debt are interest payable within one year (\$3.4 million) and bond principle payable within one year (\$4.95 million).

Non-current liabilities are:

- ☐ Noncurrent liabilities represent debt to be paid in one year or later. The sole component of the non-current portion is long-term debt (\$197.5 million). Detailed information regarding the long-term debt can be found in the footnotes to the financial statements.

### **Statement of Revenues, Expenses, and Changes in Net Position**

The Statement of Revenues, Expenses, and Changes in Net Position summarizes operating and financing activity, but excludes proceeds from the sale of bonds and construction, purchases and other project costs. The primary components of revenues are property taxes assessed for debt service and investment income; expenses include depreciation of assets completed and put into service, interest expense on outstanding bonds, and the amortization of bond issuance costs. Changes in net position result from interest income earned on unexpended bond proceeds, property taxes collected for future debt service less accrued bond interest expense, non-cash adjustments for current year depreciation expense, and the amortization of bond premiums and bond issuance costs. There is an adjustment to the 2012/13 prior year beginning Net Position because the District implemented GASB 62 and 65 in 2012/13, which resulted in a cumulative change to capital assets of \$17.1 million of past interest costs being capitalized and \$1.9 million in bond issuance costs being written off. This resulted in a net \$15.2 million that restates the beginning net position of the District. There is more detailed information in the footnotes.

| Net Position - Beginning of year                        | 85,763,393      | 71,455,846      | 14,307,547     |
| Cumulative Effect of Change in Accounting Principle     |                 | 15,195,591      |                |
| Net Position - End of year                              | \$ 84,761,691   | \$ 85,763,393   | \$ (1,001,702) |

**Statement of Cash Flows**

The Statement of Cash Flow reports the cash flow related to categories shown on the previous two statements discussed above. Categories include noncapital financing activities, capital and related financing activities and investing activities. The increase or decrease in cash balance depends on the timing of cash flow activities.

**Economic Factors That May Affect the Future**

- ☐ As the Measure A Bond funds are spent down, and in the continued absence of State funding for community college facilities, the District has anticipated the need for additional bond funding to ensure that the District will be able to improve its facilities to adapt to the ever changing educational needs of the students. Therefore, Measure H has been placed on the ballot in the November 4, 2014 election.

# SONOMA COUNTY JUNIOR COLLEGE DISTRICT MEASURE A BOND FUND

## NOTES TO FINANCIAL STATEMENTS JUNE 30, 2014

---

### 1. ORGANIZATION AND NATURE OF ACTIVITIES

The Sonoma County Junior College District (the District) was established in 1918 with the founding of Santa Rosa Junior College. The District operates a campus in the City of Santa Rosa, a campus in the City of Petaluma, a criminal justice training center in the Town of Windsor, and classes at numerous other locations throughout the District. These financial statements present only the Measure A General Obligation Bond Fund (the Bond Fund). These financial statements do not include financial data for the remainder of the District's funds and component unit, which accounting principles generally accepted in the United States of America require to be presented with the financial statements of the District.

The Measure A bond authorization (the Measure) is a facilities and equipment bond measure adopted by the District's Board of Trustees and passed by voters in March 2002. This Measure authorizes up to \$251,700,000 in bond issues. Through June 30, 2013, bonds totaling \$251,700,000 have been issued as follows:

- In February 2003, \$60,000,000 in Series A Bonds were issued. Subsequently, in September 2005, all the outstanding Series A Bonds were refunded with the issuance of the General Obligation Bonds, Refunding Bonds, resulting in an additional \$36,526,697 and defeasing the debt from the original Series A. The General Obligation Bond issue included \$4,000,000 of current interest bonds, with an interest rate of 3.00%, and \$32,526,697 of capital appreciation bonds with an interest rate of 12.00% with interest payments due each February and August commencing February 1, 2006. Maturing principal is paid each August in conjunction with interest payments beginning August 2006.
- In September 2005, the District issued General Obligation Bonds, Series B, in the amount of \$105,000,000, with an interest rate of 5.00%.
- In September 2007, the District issued General Obligation Bonds, Series C, in the amount of \$69,710,000, with interest rates of 4.00% and 5.00%.
- In April 2008, the District issued General Obligation Bonds, Series D, in the amount of \$16,990,000, with interest rates of 4.00% and 5.00%. The bonds consist of serial bonds with interest payments due each February and August commencing August 1, 2008. Maturing principal is paid each August in conjunction with interest payments beginning August 2014.
- In May 2013, the District issued General Obligation Bonds, Refunding B/C, in the amount of \$133,215,000, with interest rates ranging from 2.00% - 5.00%. The bonds consist of current interest bonds with interest payments due each February and August commencing August 1, 2013. Maturing principal is paid each August in conjunction with interest payments beginning August 2013 and ending August, 2029. The refunding bonds were used to partially defease the Series B and Series C bonds.

The Sonoma County Board of Supervisors is empowered and obligated to levy property taxes, without limitation as to rate or amount (except for certain property which is taxable at limited rates), for payment of principal and interest on the bonds. The District has established a separate capital project fund to account for the activities of the Measure.

## MEASURE A BOND FUND

### NOTES TO FINANCIAL STATEMENTS

#### JUNE 30, 2014

---

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of presentation** – The accompanying financial statements have been prepared in conformity with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB) and *Audits of State and Local Governmental Units*, issued by the American Institute of Certified Public Accountants (AICPA).

**Basis of accounting** – For financial reporting purposes, the District is considered a special-purpose government engaged only in business-type activities. Accordingly, the Bond Fund financial statements have been presented using economic resources measurement focus and accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recognized when an obligation has been incurred.

The budgetary and financial accounts of the District are recorded and maintained in accordance with the Chancellor's Office of the California Community Colleges' Budget and Accounting Manual, which is consistent with generally accepted accounting principles in the United States of America.

**Budgets and budgetary accounting** – By state law, the District's governing board must approve a tentative budget no later than July 1st and adopt a final budget no later than September 15th of each year. A hearing must be conducted for public comments prior to adoption.

The budget is revised during the year to incorporate categorical funds which are awarded during the year and miscellaneous changes to the spending plans. Revisions to the budget are approved by the District's governing board.

**Estimates used in financial reporting** – In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Cash and cash equivalents** – For purposes of the statement of cash flows, the District considers all highly liquid investments with a maturity of three months or less at the time of purchase to be cash equivalents. Funds invested in the county treasurer's investment pool are considered cash equivalents.

**Restricted cash, cash equivalents, and investments** – Cash, cash equivalents, and investments that are externally restricted per contractual obligations are classified as current or non-current assets in the balance sheet based on anticipated use.

**Investments** – Investments are reported at fair value on the balance sheet based on open market quotes for debt and equity securities. Unrealized gains and losses are recorded on the statement of revenues, expenses, and changes in net position.

**Accounts receivable** – Accounts receivable consist of amounts due from the Town of Windsor in connection with the reimbursement of expenses paid by the District in previous years for a project that was subsequently cancelled.

**SONOMA COUNTY JUNIOR COLLEGE DISTRICT  
MEASURE A BOND FUND**

**NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2014**

**Capital assets** – Capital assets are those assets purchased or acquired with an original cost of \$20,000 for Buildings and Improvement of Sites, and \$5,000 for all other capital assets. These assets are reported at historical cost or estimated historical cost. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on a straight-line basis over the following estimated useful lives:

| Asset Class                     | Years |
|---------------------------------|-------|
| Improvement of Sites            | 20    |
| Buildings                       | 50    |
| Vehicles                        | 8     |
| Restricted Programs - Machinery | 5-15  |
| Machinery and Equipment         | 5-15  |

Interest incurred during the construction phase of capital assets is included as part of the capitalizable value of the assets constructed. The amount of interest capitalized depends on the specific circumstances. Interest costs of \$2,237 were capitalized for the year ended June 30, 2014.

**Non-current liabilities** – Non-current liabilities include estimated amounts for bond repayments that will not be paid within the next fiscal year.

**Deferred Outflow/Deferred Inflow** –In addition to assets, the balance sheet will sometimes report a separate section called *deferred outflows of resources*. A deferred outflow of resources represents a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expense) until then. The Bond Fund has one item, deferred charge on refunding, that qualifies for reporting in this category in the balance sheet. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. The amount is deferred and amortized over the shorter of the life of the refunded debt or refunding bond.

In addition to liabilities, the balance sheet will sometimes report a separate section called *deferred inflows of resources*. A deferred inflow of resources represents an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time. The Bond Fund does not have items that qualify for reporting in this category.

**Net position**– The Bond Fund’s net position is classified as follows:

*Restricted for Measure A Bonds* includes resources the District is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties.

**Property taxes** – Secured property taxes attach as an enforceable lien on property as of January 1, and are payable in two installments on November 1 and February 1. Unsecured property taxes are payable in one installment on or before August 31. The County of Sonoma bills and collects the taxes for the District. Tax revenues are recognized by the District when received.

JUNE 30, 2014**

---

**3. RESTRICTED CASH, CASH EQUIVALENTS, AND INVESTMENTS**

The Bond Fund's cash, cash equivalents, and investments as of June 30, 2014 are classified in the accompanying financial statements as follows:

|                                                   |                          |
|---------------------------------------------------|--------------------------|
| Balance Sheet:                                    |                          |
| Restricted cash and cash equivalents – current    | \$ 6,997,219             |
| Restricted cash and cash equivalents - noncurrent | 19,795,901               |
| Restricted investments                            | <u>13,042,439</u>        |
| <br>Total cash, cash equivalents, and investments | <br><u>\$ 39,835,559</u> |

The Bond Fund's cash, cash equivalents, and investments as of June 30, 2014 consist of the following:

|                                                     |                          |
|-----------------------------------------------------|--------------------------|
| Cash and cash equivalents in Sonoma County Treasury | \$ 26,770,565            |
| Cash and cash equivalents in banks                  | 12,090                   |
| Cash equivalents and investments with fiscal agent: |                          |
| Money market funds                                  | 10,465                   |
| Municipal fixed rate bonds (non-callable)           | 1,993,872                |
| Municipal capital appreciation bonds                | 383,567                  |
| Municipal variable rate demand obligations          | <u>10,665,000</u>        |
| <br>Total cash, cash equivalents, and investments   | <br><u>\$ 39,835,559</u> |

**Cash in County Treasury**

In accordance with Education Code Section 41001, the District maintains substantially all of the Bond Fund's cash in the Sonoma County Treasury (the Treasury). The Treasury pools these funds with those of other districts in the county and invests the cash. The share of each fund in the pooled cash account is separately accounted for and interest earned is apportioned quarterly to funds that are legally required to receive interest based on the relationship of a fund's daily balance to the total of pooled cash and investments.

Participants' equity in the investment pool is determined by the dollar amount of the participant deposits, adjusted for withdrawals and distributed income. This method differs from the fair value method used to value investments in these financial statements in that unrealized gains or losses are not distributed to pool participants.

The Treasury is authorized to deposit cash and invest excess funds by California Government Code Section 53648 et seq. and is restricted by Government Code Section 53635, pursuant to Section 53601. The funds maintained by the Treasury are either secured by federal depository insurance or are collateralized.

**Investments Authorized by Debt Agreements**

The Bond Fund’s cash, cash equivalents, and investments with fiscal agent in the amount of \$13,167,441 represents unspent proceeds of the General Obligation Bond, Series D at June 30, 2014, which are restricted for specific purposes under terms of the bonds offering.

Investments of debt proceeds held by bond trustee are governed by provisions of the debt agreements, rather than the general provisions of the California Government Code or the District’s investment policy.

MEASURE A BOND FUND**

**NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2014**

**Interest Rate Risk**

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair values to changes in market interest rates. As of June 30, 2014, the weighted average maturity of the investments contained in the District's Treasury's investment pool is approximately 791 days. As of June 30, 2014, the Bond Fund had the following investments held by trustees:

| <u>Investment Type</u>    | <u>Total Market Value</u> | <u>Remaining Maturity (in Years)</u> |                     |                      |
|---------------------------|---------------------------|--------------------------------------|---------------------|----------------------|
|                           |                           | <u>Less than 1 Year</u>              | <u>1 to 5 Years</u> | <u>5 to 10 Years</u> |
| U.S. Municipal Securities | \$ 13,042,439             | \$ 11,588,090                        | \$ 1,454,349        | \$                   |

**Credit Risk**

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The County Treasury investment pool does not have a rating provided by a nationally recognized statistical rating organization.

| <u>Investment Type</u>    | <u>Total Market Value</u> | <u>Exempt From Disclosure</u> | <u>Rating as of Year End (Standard and Poor's)</u> |                   |                   |

**5. LONG-TERM DEBT**

General Obligation Refunding Bonds

In May 2013, the District issued General Obligation Refunding Bonds, in the amount of \$133,215,000, with interest rates ranging from 2.00% - 5.00%. The debt was issued to provide resources to purchase U.S. Government State and Local Government securities that were placed in an irrevocable trust for the purpose of generating resources for future debt service payments of \$137,302,500 of General Obligation Bonds, Series B, and \$93,758,875 of General Obligation Bonds, Series C. As a result, the refunded bonds are considered to be partially defeased as a legal defeasance and a prorated portion of the liability has been removed from the balance sheet. The reacquisition price exceeded the net carrying amount of the old debt resulting in a deferred charge on refunding. The deferred charge on refunding at June 30, 2014 of \$16,235,577 is being amortized over the remaining life of the new debt.

**SONOMA COUNTY JUNIOR COLLEGE DISTRICT  
MEASURE A BOND FUND**

**NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2014**

---

**6. SELF INSURANCE AND JOINT VENTURES (Joint Powers Agreements)**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and students; natural disasters; and providing dental benefits to employees. The District is partially self-insured for its general liability and property coverage, and is 100% self-insured for dental benefit coverage. The District has chosen to establish a risk financing internal service fund where assets are set aside for claim settlements associated with the above risks of loss up to certain limits.

The District participates in three joint ventures under joint powers agreements (JPAs), the Statewide Association of Community Colleges (SWACC), Schools Association for Excess Risk (SAFER), and the Protected Insurance Program for Schools (PIPS). The relationship between the District and each JPA is such that no JPA is a component unit of the District for financial reporting purposes.

Each JPA is governed by a board consisting of a representative from each member organization. The boards control the operations of the JPAs, including selection of management and approval of operating budgets independent of any influence by the members beyond their representation on the governing boards. SWACC provides property and liability insurance for its members. PIPS arranges for and provides workers' compensation insurance for its members. SAFER provides services for the establishment, operation, and maintenance of a self-funded excess property and liability fund for California schools and community college districts. The members of each JPA pay premiums commensurate with the level of coverage requested, and they share surpluses and deficits proportionate to their participation in the JPAs.

The JPAs are independently accountable for their fiscal matters. The insurance groups maintain their own accounting records. Budgets are not subject to any approval other than that of the JPAs' governing boards. Complete separate financial statements for the JPA may be obtained from:

| <u>JPA</u> | <u>Address</u>                                     |
|------------|----------------------------------------------------|
| SWACC      | 180 Grand Avenue, Suite 1380, Oakland, CA 94612    |
| PIPS       | 2355 Crenshaw Blvd., Suite 200, Torrance, CA 90501 |
| SAFER      | 2355 Crenshaw Blvd., Suite 200, Torrance, CA 90501 |

**SONOMA COUNTY JUNIOR COLLEGE DISTRICT  
MEASURE A BOND FUND**

**NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2014**

Self-insurance and other limits are as follows:

| <u>Type of Coverage</u> | <u>Self-Insurance</u> | <u>SWACC</u>              | <u>SAFER</u>                  | <u>PIPS</u>               |
|-------------------------|-----------------------|---------------------------|-------------------------------|---------------------------|
| General Liability       | Up to \$50,000        | \$50,000 -<br>\$1,000,000 | \$1,000,000 -<br>\$25,000,000 | N/A                       |
| Property                | Up to \$10,000        | \$10,000 -<br>\$250,000   | \$250,000 -<br>\$250,000,000  | N/A                       |
| Workers' Compensation   | N/A                   | N/A                       | N/A                           | To<br>Statutory<br>Limits |
| Dental Benefits         | 100% Self-Insured     | N/A                       | N/A                           | N/A                       |

All property is insured at full replacement value. For the past three years, there have been no significant reductions in any of the District's insurance coverage types and no settlement amounts have exceeded commercial or authority insurance coverage.

Annual premiums are charged by each JPA using various allocation methods that include actual costs, trends in claims experience, and number of participants.

Condensed financial information reported by each JPA for the years indicated are as follows (not covered by independent auditor's report):

|                                         | <u>SWACC<br/>Property /<br/>Liability<br/>June 30, 2013</u> | <u>SAFER<br/>Property /<br/>Liability<br/>June 30, 2013</u> | <u>PIPS<br/>Workers'<br/>Compensation<br/>June 30, 2013</u> |

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT  
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE  
WITH *GOVERNMENT AUDITING STANDARDS***

**Independent Auditor's Report**

**Members of the Board of Trustees  
Sonoma County Junior College District  
Santa Rosa, California**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Measure A Bond Fund (the Bond Fund) of the Sonoma County Junior College District (the District), as of and for the year ended June 30, 2014, and the related notes to the financial statements, and have issued our report thereon dated November 4, 2014.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Bond Fund's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Bond Fund's internal control. Accordingly, we do not express an opinion on the effectiveness of the Bond Fund's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Bond Fund's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Bond Fund's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
