INDEPENDENT AUDITOR'S REPORT

**Board of Trustees
Sonoma County Junior College District
Santa Rosa, California**

We have conducted a performance audit of the Sonoma County Junior College District's (the District's) Measure A General Obligation Bonds for the year ended June 30, 2014.

We conducted our performance audit in accordance with *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our conclusion based on our audit objectives. We believe that the evidence obtained provides a reasonable basis for the findings and conclusions based on our audit objectives.

Our audit was limited to the objectives listed on page 2 of this report, which includes determining the compliance with the performance requirements for the Proposition 39 Measure A General Obligation Bonds under the applicable provisions of Section 1(b)(3)(C) of Article XIII A of the California Constitution and Proposition 39 as they apply to the bonds and the net proceeds thereof. Management is responsible for the Sonoma County Junior College District's compliance with those requirements.

Solely to assist us in planning and performing our performance audit, we obtained an understanding of the internal controls of the District to determine if internal controls were adequate to help ensure the District's compliance with the requirements of Proposition 39, as specified by Section 1(b)(3)(C) of Article XIII A of the California Constitution. Accordingly, we do not express any assurance on the internal controls.

The results of our tests indicated that, in all significant respects, the Sonoma County Junior College District expended Measure A General Obligation Bond funds for the year ended June 30, 2014, only for the specific projects developed by the District's Board of Trustees and approved by the voters, in accordance with the requirements of Proposition 39, as specified by Section 1(b)(3)(C) of Article XIII A of the California Constitution.

SONOMA COUNTY JUNIOR COLLEGE DISTRICT PROPOSITION 39 AND MEASURE A GENERAL OBLIGATION BONDS

PERFORMANCE AUDIT JUNE 30, 2014

OBJECTIVES

The objectives of our performance audit were to document the expenditures charged to Measure A General Obligation Bonds (Measure A) which were approved under Proposition 39; determine whether expenditures for fiscal year ended June 30, 2014, charged to the General Obligation Bond Fund have been made in accordance with project budgets and guidelines; note any incongruities or system weaknesses; and provide recommendations for improvements.

SCOPE OF THE AUDIT

The scope of our performance audit covered the fiscal year ended June 30, 2014. Expenditures incurred after the issuance of the bonds and prior to July 01, 2013, were covered in a previous examination. The expenditures included all object and project codes associated with the Bond projects. The propriety of expenditures for capital projects and maintenance projects funded through other State or local funding sources were not included within the scope of our audit. Expenditures incurred subsequent to June 30, 2014, were not reviewed or included within the scope of our audit.

BACKGROUND INFORMATION

On March 5, 2002, \$251,700,000 in general obligation bonds were authorized by voters' approval of Measure A. The first series (A) of Bonds in the amount of \$60,000,000 was issued on February 1, 2003. Series A was refunded on September 29, 2005, resulting in an additional \$36,526,697 and defeasing the debt from the original Series A. The second series (B) of Bonds in the amount of \$105,000,000 was issued on September 29, 2005. The third series (C) of Bonds in the amount of \$69,710,000 was issued on September 17, 2007. The fourth and final series (D) of Bonds in the amount of \$16,990,000 was issued on April 2, 2008. In May of 2013, refunding bonds of \$133,215,000 were issued to partially refund Series B and Series C, resulting in a legal defeasance of \$80,430,000 and \$66,095,000 of principal outstanding for Series B and C, respectively. The total proceeds from each bond series less the bond issuance costs are to be used to finance the construction, acquisition, furnishing, and equipping of District facilities.

A Citizens Bond Oversight Committee (the Committee) was appointed on June 11, 2002, to comply with the California Constitution and the Education Code. The purpose of the Committee is to inform the public, at least annually, regarding the appropriate use of the Bond proceeds. California Constitution, Article XIII A, Section 1(b)(3), requires an annual performance audit be conducted to ensure that the funds have been expended only on the specific projects publicized by the District.

SONOMA COUNTY JUNIOR COLLEGE DISTRICT PROPOSITION 39 AND MEASURE A GENERAL OBLIGATION BONDS

PERFORMANCE AUDIT JUNE 30, 2014

PROCEDURES PERFORMED

We obtained the General Obligation Bond Fund general ledger and the project expenditure summary reports and detail prepared by the District for the fiscal year ended June 30, 2014. Within the year audited, we obtained the actual invoices and other supporting documentation for a sample of expenditures to ensure compliance with Proposition 39 and Measure A General Obligation Bond funding. We performed the following procedures:

- We reviewed the list of projects being performed to verify that the list of intended projects is consistent with the District's Facilities Projects Lists.
- We verified that the District created the required debt service fund and capital outlay fund in order to account for the bond proceeds and expenditures.
- We verified that the proceeds from the sale of bonds were deposited in an appropriate debt service fund and a capital outlay projects fund.
- We selected a sample of expenditures in the fiscal year ended June 30, 2014, and reviewed supporting documentation to ensure that funds were properly expended on the specific projects outlined on the publicized list and met the requirements for bidding, if applicable.
- We verified that funds were used for the construction, acquisition, furnishing, and equipping of District facilities, and we verified that funding was not used for salaries of school administrators or other operating expenses of the District.

RESULTS OF PROCEDURES PERFORMED

The District utilized Measure A Bond funds for 115 projects. The District incurred total expenditures of \$268,654,017 through June 30, 2014, for the Measure A projects listed on the following pages.

**SONOMA COUNTY JUNIOR COLLEGE DISTRICT PROPOSITION 39
AND MEASURE A GENERAL OBLIGATION BONDS**

**PERFORMANCE AUDIT
JUNE 30, 2014**

Each of the projects under Measure A has been given a specific project identification number within the District's General Obligation Bond Fund. Budgets for each project are included in the financial reporting system and actual expenditures are matched against this budget.

CONCLUSION

Based upon the procedures performed, we found that for the items tested, the Sonoma County Junior College District has properly accounted for the expenditures of the Measure A General Obligation Bonds. Further, it was noted that the funds were not used for salaries of school administrators or other operating expenditures. Our audit does not provide a legal determination on the District's compliance with specific requirements.

MANAGEMENT COMMENTS AND RECOMMENDATIONS

None.
