To the Board of Trustees:

On June 24, 2015, Governor Brown signed into law a budget which provides almost \$1.8 billion in additional community college funding over that received in 2014-15.

- \$ 94.5 million to buy-down deferred revenue
- \$ 200.0 million for Student Success and Support Program-SSSP
- \$ 148.0 million for Def. Maint./Instructional Equipment (1-time funding – no match)
- \$ 70.0 million for support of Basic Skills Programs (1-time funding)
- \$ 38.7 million for Prop. 39 Energy Efficiency Programs
- \$ 33.7 million to “restore” EOP&S funding to pre-recession levels
- \$ 29.1 million for Apprenticeship Programs
- \$ 2.5 million for COLA for Categorical Programs
- \$ 266.7 million for General Operating Expenditures
- \$ 156.5 million to “increase” student access/growth (3.0%)
- \$ 62.3 million to increase the number of fulltime faculty (state-wide)
- \$ 61.0 million for COLA (1.02%)
- \$ 632.0 million to pay-down Mandates (principally 1-time funding)

It should be noted that the \$94.5 million buy-down of deferred revenue (the first bulleted item) does not provide any additional funding to community colleges. What it does provide community colleges is more of their operating money during the fiscal year, rather than after the year is over. It should also be noted, that at the height of the recession, nearly one-fifth of the system’s revenues, approximately \$961 million, were “deferred,” which created cash-flow hardships, borrowing costs, and lost interest-revenue. This year’s buy-down eliminates all the deferred revenues owed by the State to the community college system

The next \$552 million of community college funding (which excludes the last six items) are categorical or Restricted General Fund (RGF) revenues. As a reminder, categorical funding can only be expended for the restricted purpose for which the funds were received.

The funding for Deferred Maintenance and Instructional Equipment will bring SRJC about \$2.6 million, the same amount as last year. These funds are being provided as a “block grant” and so it will up to the District as to how those monies will be split between the two categorical programs. Early estimates for the Student Success and Support Programs funding is that it will bring SRJC almost \$3.1 million. These funds will be used improve student services in the areas of counseling, educational planning and student retention, which should improve student completion rates and increase FTES production. The Prop. 39 funding should bring-in about \$534,000. It is not known, exactly, what the District will receive

in Apprenticeship and Basic Skills funding, as the State Chancellor's Office is still working on their distribution models. The District's share of the Categorical COLA monies being provided statewide will be approximately \$45,000.

Of the remaining bulleted items (the last five items) all but the funding being made available for "increased access" will provide the District new/additional UGF funding in 2015-16. Based on current enrollment projections, the District is expected to be short of its enrollment goals by approximately 1%, which will translate into about a \$900,000 loss of revenue for 2015-16. The rest of the funding will provide the District with approximately \$6.6 million in ongoing revenue, plus an additional \$10.2 million in one-time funding.

On the positive side, the funding being made available to community college in 2015-16 does mitigate the District's situation (somewhat). The anticipated, additional, ongoing funds that SRJC will receive, starting in 2015-16, will be large enough to cover the structural imbalance the District built up through 2014-15. There is even a little left-over to offset some of the new, additional, ongoing expenditures that will start 2015-16 (mostly due to salary and benefit increases). The District currently estimates its new structural imbalance to be approximately \$6 million, but because of the nearly \$10.2 million in one-time money that the District will receive in 2015-16, it is expected that the District will actually add to its fund balance by nearly \$4.2 million.

Although one-time funding is certainly helping the District in 2015-16, to remain fiscally healthy over the long-term, the District needs to bring its ongoing expenditures in line with its ongoing revenues. Depending on what is contained in the Governor's 2016-17 January Budget, the District may need to start taking action this coming spring to address this issue.

I want to express my appreciation for the work done, throughout 2014-15, by the Budget Advisory Committee, whose members are listed below.
